MANILA, PHILIPPINES:

Training: 3 weeks of training in Calgary

What you will do: You will join with some of our alumni in an inner city outreach. It will include relational connection in coffee shops, performance ministry in schools/colleges and discipleship with those who respond. You will use the arts to creatively communicate the Gospel and pray for people. You will work closely with local churches in the area.

Expected growth: Each day will include opportunities for growth in intimacy with God, sharing your faith, leadership and the arts. You will also see growth in the local church as people you connect with are discipled.

Debriefing: Almost everyday you will take time as a team to debrief the experience. The 3 months will end with a time of debriefing in Calgary.

GOD DOES THE WORK:

God works in amazing ways as we submit to Him. Our teams have seen God work in amazing ways in the Philippines. People have been transformed by the power of God, churches have been planted, ministries have been launched and people have caught a vision for influencing every sphere of society.

One young man heard the Gospel from one of our teams and resisted it because of bitterness in his life. As time passed the Lord spoke to Him about His need for a Saviour and Healer. Finally he took a step of faith and invited Christ to come into His life, cleanse Him and make Him a child of God. He was so excited when he announced it to the world.

Before long he was discipled, attended Bible College and became a Pastor himself. Since that time God has used him to help plant several churches. He and his wife also host our teams in the Philippines!
